- Height: 7.3 cm
- Length: 28.4 cm
- Width: 28.4 cm
- Net weight: 1.900 kg

Technical specifications
- Mains power: Range 220 V - 240 V, 50-60 Hz
- Number of bulbs: 4
- Wattage bulb included: 7.5 W
- Maximum wattage replacement bulb: 7.5 W
- IP code: IP20, protection against objects bigger than 12.5 mm, no protection against water
- Class of protection: I - earthed

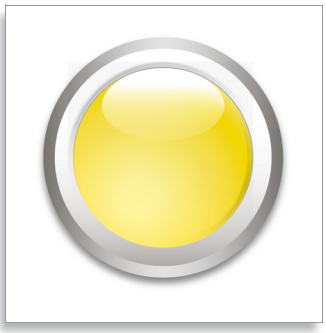
Service
- Warranty: 1 year(s)

Packaging dimensions & weight
- Height: 30.3 cm
- Length: 29.7 cm
- Width: 9.3 cm
- Weight: 2.300 kg

Miscellaneous
- Especially designed for: Living- & Bedroom
- Style: Modern
- Type: Spot light

Highlights

Warm white light effect



Light up your home with warm white light effects thanks to the latest LED innovation. Philips introduces the latest generation of warm white light high power LEDs, reaching a colour temperature of 2700 Kelvin. This innovation brings the Philips lighting fixtures to the next level, allowing you to combine elegance and ambience creation with light and energy efficiency.

Dimmable

Adjust the light intensity of the Philips LED lights with a dimmer switch (not included). This makes this light ideal for creating an ambience for any occasion, whether a cosy meal à deux or chilling out with family and friends in your living room. Philips tested a number of wall dimmers that have proved to be compliant with our LED lights. A list of compatible dimmers is available in the downloads and support section.

Extremely long life

A light source you can trust. Philips LED lights offer an extremely long-life of at least 20,000 hours (which equals 20 years on basis of an average use of 3 hours / day with an amount of at least of 13,000 on/off switching cycles). It feels so comfortable to think that you won't have to worry about maintenance or lamp replacement while having the perfect light ambiance in your home.
